Period _____

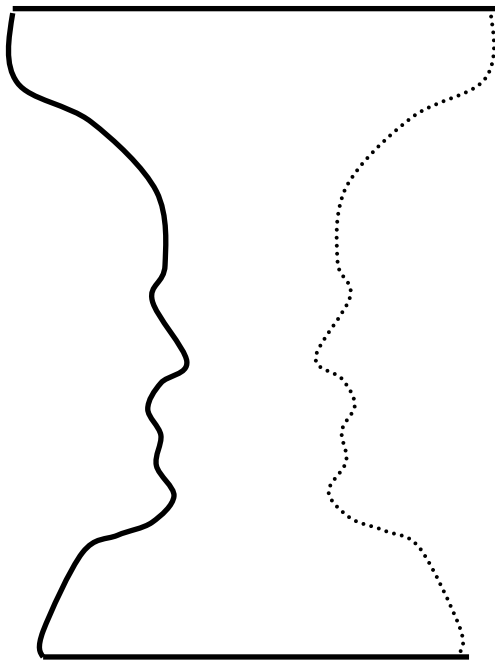

Worksheet: Vase/Face Drawing

Sixth Grade

Instructions:

By drawing what we see, instead of what we know about an object, we are able to focus on what it really looks like. When we reverse an image, we have a tendency to really look at the lines and curves that make up the form. Below, you will find examples of forms that are completed on only ONE side. Your task is to complete the shape by drawing the exact reverse of the line to complete the shape. See the example for help getting started.

Example:

Now, try this:

And these:
